

Texas Office Installations is an authorized Installation company for National Office Furniture. They are an Independent Installation company that is utilized by many office furniture dealers in the metroplex.

They install all of our products, some include:

****Exhibit***

****Epic***

****WaveWorks***

****Tessera***

****Barrington***

****Alloy***

They inspect and receive the product when it comes in before taking it out to the job site. If there is an issue they will work with both manufacturer and dealer to help get the customer taken care of.

They are a very professional company with a very professional staff!
