

# HAWORTH CERTIFIED INSTALLATION STATUS

Presented To

## **TX Office Installations**

**Certification Valid for:** Compose, Places, Unigroup, Unigroup Too, Premise, Walls

**Original Certification Date:** June 10, 1998

This certificate verifies that the above listed company has met Haworth's criteria for certification for the listed product lines as outlined in the Certified Haworth Installer Program (CHIP). Installs performed by Haworth certified companies provide the following benefits:

- Assurance that product is installed consistently and correctly to Haworth standards.
- Compliance to Haworth warranty prerequisites.
- On schedule performance.
- Protection from product and facility damage through proper handling methods and staging of materials.
- Established and documented procedures for addressing customer-initiated changes.
- Walk-through inspections at project completion with corrective actions documented on a punch list.
- Customer acknowledgment of satisfactory completion of the installation work through a sign-off agreement.
- Follow-up services to handle product reconfigurations and adjustments.
- Prompt handling of installation issues.
- Maintenance (under separate contract) by trained personnel prolongs product life and reduces replacement costs.

HAWORTH, INC.
